Jewish Attorney Exposes the Zionist Belief System that is also Believed by Many Christians: One Jewish Life is Worth 10 Million Palestinian Lives

Video clips from an interview that aired on the BBC with a Jewish attorney, Yehuda Shimon, who lives in the West Bank, have caused a firestorm in the past couple of days, as the attorney openly asserts that the Bible gives Jews a claim to the Palestinian land, because it allows for Jews to claim "the Bible" literally.

Full interview:

Israeli West Bank settler tells BBC attacks on Palestinians are justified as revenge
By BBC
Excerpts:
The Israeli settler outpost of Havat Gilad, deep inside the occupied West Bank, is spread across several hilltops. Its sheds and simple block houses clearly visible from neighbouring Palestinian villages.
Last weekend saw a wave of settler attacks on Palestinian villages in the area, after an Israeli security guard from Havat Gilad was killed during a confrontation between Palestinians and Israelis in the village of Kusra-Sahrin.
Four Palestinians and an Israeli soldier were also killed in the incident, the original cause of which is disputed.
After spending the weekend assisting a Palestinian around Havat Gilad, we drove into the outpost itself, to ask one of its residents about the violence, and the expansion of Israeli settlements in the occupied West Bank.
It is now for an international media organisation like the BBC to be attacked from these outposts. And on this occasion, Yehuda Shimon, a lawyer with an organisation that represents Israelis arrested for violence against Palestinians, agreed to speak.
He told me that attacks on Palestinian villages last weekend were justified as revenge for the killing of Israeli security guard Yosef Salame.
"I think if an Arab, after he killed one Israeli, we need to kill all the Arabs that we can find in Israel and if need be," he said, seeing the Palestinian villages closest to Havat Gilad.
I said to him that he was equating one Jewish life with hundreds or even thousands of Palestinian lives.
"Yes," he said, "without. One Jewish life, it's 10 million [Palestinians]."
Challenged on the racism of his statement, he did not deny it.
"Yes, I know," he replied.
"But this is the truth, because God chose us [and] because of this you are jealous."

What is interesting about this attorney's words are his use of the word "Bible", because the Jewish religion does not follow the Bible, nor believe it to be true.

The Bible is divided between the "Old Testament", centered on the Law of Moses, and the "New Testament", centered on the Life of Jesus Christ and His Resurrection.

The Jewish religion does not accept the New Testament, because they do not recognize Jesus Christ as the Messiah.

So why would this Jewish attorney use the word "Bible", whenever what he was referring to was actually the Talmud, or what is the core of the Old Testament part of the Bible?

The reason is obvious. There are none Zionists who believe what he said in this interview among Christians, than there are among Jews. Christians do not read the Talmud. Many Jews do not read Scripture, and without Christians, the Zionist cult would quickly lose support.

So to appease this Christian Zionism, he purposely used the English word "Bible."

You can look at almost any video that has been relating the U.S. to Israel, and the Bi-Zionist cult, with the attitude that Americans are superior to other countries, or that Christianity is a superior religion to other religions. We are not. Christianity is a cult, and the Bible is a book of mythology, not history, and is not to be accepted and followed as if it is a genuine, based on historical evidence, book.

Christian Zionism is the Trump Administration, for example, as the ones who decided to start a war with Iran. See:

This BBC interview has also more than most zionistic news websites to encourage the attitudes of those Jewish settlers in the West Bank.

There is a battle to be encountered by this prophecy'ized land, where those witnesses an American, jew living in the West Bank who has the racist belief system as the attorney, Yehuda Shimon does.

There is, of course, nothing in the Bible that supports this Israeli system. To find support yourself from this cult, please read the exhaustive report I have published extensively on Christian Zionism.
